

about us

Our **Irish Surfing Association-approved school** is tucked away in an authentic Irish setting surrounded by small cottages, only a stone's throw from the beach, offering a safe and fun environment to you and your group. Former Irish Surfing Team Rider and founder of Freedom Surf School, Billy Butler, has been **teaching people to surf for over 15 years**. Billy and his wife Pam, a Youth Counsellor, work side by side to bring their passion for the outdoors to schools, community and special needs groups. We have a complete team of staff, all highly experienced and qualified in their specific domain to ensure that you and your group get the most out of your trip to Freedom. Our coaches are all fully-qualified lifeguards and certified by the Irish Surfing Association.

We have earned a solid reputation for working with **Special Needs Groups** which we really enjoy e.g. 'Sensational Kids' and 'Surf to Heal' over the years. We are very much tuned into each person's specific needs and these groups return to Freedom year after year to take part in this unforgettable experience. **Gaisce Awards and Certificate Courses** also available.

facilities

Our purpose-built Surf School is fully-equipped with changing rooms and hot showers and a nice, relaxed, outdoor seating area where you and your group can enjoy your packed lunch in between activities. We provide all the equipment you'll need for all of the activities provided. Freedom prides itself on its top of the range wetsuits & surf boards so you are guaranteed to be safe and warm during your surf lesson, which takes place on Tramore's safe beach in waist-depth water.

overnight stays

We can accommodate large groups, offering a really comfortable and affordable place to stay. The modern Hostel accommodation, B&B or Studio Apartments are all based on one site and located just five minutes walking distance from Freedom and the beach. We will liaise with your hosts to meet your specific needs.

fun with languages

Throw yourself into the Irish language while having a blast with our **Fóras na Gaeilge-approved** 'Cois Trá' Irish Language Programme. Students get the opportunity to really experience our native tongue in a laid back environment.

Or try out our tailored multi-activity **days through French** - a great experience & great value!
